## Pink or Blue? Package

**Price: \$50**

The Pink or Blue Package includes a 10-minute 2D ultrasound session where you can view your baby on the 50- inch monitor Scanning time frame 16+ weeks (optimal is 18+ weeks).

**\*4D ultrasound sessions allow you to view your baby in real-time on a 50-inch monitor. Gender determination is available (if baby is cooperative!) and family and friends are welcome. Scanning time frame is 26-30 weeks (optimal is 26-28 weeks). For twins (optimal is 22-26 weeks).**

## Tips for great images

- Hydrate thoroughly the day prior to visit
- Drink 20-26 oz. of water 1 hour before visit
- Do not empty bladder after drinking

Would you like your ultrasound images delivered as a text or e-mail?

Then, you can easily share, save and post them to your social media sites
